Stripskiy Daniil

Mob: +7(980)746-67-00
Email: stripak@yandex.ru
Telegram: @stripak
Birthday: 23.09.2000
Moscow, Russia

EDUCATION

HSE University   **Moscow**
Faculty of computer science
Applied mathematics and informatics   September 2018 - Present
Bachelor

Courses in progress: Deep learning, Optimisation methods in machine learning, Machine learning-2, Data analysis in business.

Courses studied: Applied statistics in machine learning, Machine learning-1, Time series, Probability theory and mathematical statistics, Linear algebra and geometry, Calculus, Discrete Mathematics, Differential equations, Algorithms and data structures, Computer architecture and operating systems.

WORK EXPERIENCE

Data Scientist, Rosbank (Société Générale). December 2020 - present
I engaged in construction of models for the needs of internal audit. (ML & DL)

Term paper, Sberbank. October 2020 - present
Creating a model that turns natural language text into SQL query. (NLP)

Intern, PWC. October 2019 - June 2020
As part of a team of 6 people, we created an exchange robot that calculates the expected profit if shares are purchased. I was collecting and analysing data, built the CatBoost model.

Intern, Philip Morris International. June 2019 - August 2019
I studied the basics of Data Science and the company's corporate culture.

SKILLS

Programming languages: Python, C++, C, Assembler, SQL, PySpark
Libraries: NumPy, Matplotlib, Scikit-learn, SciPy, Pandas, PyTorch, Tensorflow, Keras
Foreign languages: English (Upper Intermediate)
